Dear publishing colleagues from Ukraine,

As this terrible situation unfolds, our thoughts and hearts are with the people of Ukraine.

The Brazilian Publishers Association condemns the invasion of your country and stands with the people of Ukraine.

The publishing ecosystem is key for the preservation of a national culture, and we trust you will come out of this stronger than ever in your mission of dissemination of knowledge and culture.

We hope you and your families find safety as soon as possible. Please receive from all the Brazilian publishers community our thoughts of hope.

Kind regards,

Rio de Janeiro, March 08th, 2022.
